

Pacific Coast Highway

Sonic Youth

Come on get in the car
Lets go for a ride somewhere
I won't hurt you
As much as you hurt me
Let me take you there
Before the sun goes down
Come on give me your love
Come on baby all you have
I wanna take your breathe away
Come on baby
Just like that, you say
You make me feel so crazy
Come on get in the car
Let's go for a ride somewhere
I won't hurt you
You make me feel so crazy

Come on get in the car
Let's go for a ride somewhere
I won't hurt you
As much as you hurt me
Let me take you there
Before the sun goes down
Come on give me your love
Come on baby all you have
I wanna take your breathe away
Come on baby
Just like that, you say
You make me feel so crazy
Come on get in the car
Let's go for a ride somewhere
You make me feel so good
You make me feel so crazy
