

## Starfield Road

Sonic Youth

The turbo goes to rocket put yr kiss in my hand  
Sensate yr belly down  
Bend down round this garbage can  
Pow pound down dirty starfield road  
A hot ham slap it muscle skin jam load  
Blam bam adds explosion to the lamb  
Jesus is screaming yr name  
Violent loving yeah  
Kissing golden, we're going insane  
But where is the shame?  
When the star pet is to blame  
Aah you butt cheeks can't stay  
As I spleen my name in flame
