

## Two Cool Rock Chicks Listening to Neu

Sonic Youth

That's what you should do, you should be Dinosaur's manager  
Y'know Dinosaur has like ten managers  
They don't have any other managers  
They have like are you kidding? They have a manager in every city

It'd be such an easy job though to just tell them what to do, I think  
Yeah but, it's like, they want you to do everything else  
Like they're that kind of band like they don't wanna do anything

Yeah but that's easier to do everything than to just do some of it  
It's easier y'know  
That's true and have somebody else  
And then have somebody else fuck up what you've done  
By doing part of your job it's like easier just to do the whole thing

In some ways I think like somebody like Redd Kross  
Would be easy to manage 'cause they'd just be so like  
"Well, whatta we do now?"  
And you just tell them and that would be it

They just wanna rock  
Yeah right they don't wanna do anything  
They just wanna be rock gods, y'know

So let's call J  
Okay  
Hello, is J there?  
Oh um can you just tell him Kim and Susanne called  
Okay, thank you, bye
