

# Alone

Sonique

No, don't wanna go alone  
Not me, don't wanna be alone  
I know that you have been there before  
Yes, I know and I can see that look in your eyes

No, don't wanna go through life alone  
I want you, stay with me  
Don't wanna go through life alone  
I know 'cos I have been there before  
And I know, I can see that look in your eyes

I don't wanna be alone, never wanna be on my own

No, don't wanna go through life alone  
I want you with me, yeah  
Don't wanna go through life alone  
I know that you have been there before  
Yes, I know, I can see that look in your eyes

No, don't wanna go through this life alone  
Never wanna be on my own tonight  
Don't wanna be there no more  
Yes, I know you can see that look in my eyes

No, don't wanna be alone
