

## A Little Bit South Of Saskatoon

Sonny James

Just a little bit south of Saskatoon  
Pick my guitar for board and room  
Met a little girl, her name was June  
A little bit south of Saskatoon

Me and Junny-Mae we got on fine  
Till I had to move further down the line  
Promised that girl I'd be back soon  
A little bit south of Saskatoon

Went up to Nome to see the sights  
Had a yen to watch the northern lights  
But I had my mind on my sweet June  
A little bit south of Saskatoon

So I caught a freight and headed back  
Following down that railroad track  
Kept a thinkin' of my honeymoon  
A little bit south of Saskatoon

Me and Junny-Mae got a little house  
Got a piece of ground and a few milk cows  
We're gonna get a youngin' soon  
A little bit south of Saskatoon

In the winter time when we can't farm  
Me and Junny-Mae sit arm in arm  
By a big ole fire and honeymoon  
A little bit south of Saskatoon
