

All My Love All My Life

Sonny James

All my love all my life
I'll give to you I'll be true
In your hands I'll place my heart
A heart that's true that keeps loving you

Together we'll share life's sorrows and joys
To each other we'll be true
Just as long as I live I will give
All my love, all my life just to you

The times when you're not with me
The lonely hours never end
Then when you're back, back in my arms
My whole world's bright again

With your hand in mine we'll travel life's road
And each day I'll say anew
Just as long as I live I will give
All my love, all my life just to you all my love
