

# Give Me Time

Sonny James

Give me time, you must believe me  
Give me time, you've got to see  
I've never been untrue, there's nothing I won't do  
To prove my love for you, just give me time

Give me time, just for old time sake  
Give me time, my heart will break  
If I can make you see, there's no one else for me  
And there will never be, please, give me time

Give me time, please, let me explain  
Give me time, I'll ease the pain  
You've been hurt by their lies  
Why can't they realize that true love never dies?

Please, give me time  
(Give me time)  
Oh, please, let me explain  
(Give me time)  
I'll ease the pain

I've never been untrue, there's nothing I won't do  
To prove my love for you  
Just give me time  
(Give me time, give me time)
