Going Through The Motions (Of Living)

Sonny James

I'm just going through the motions of living She seemed to love me so how was I to know I'd be going through motions of living I've lost so much within I'll never love again I'm going through the motions of living When you see me breast in my very best I'm going through the motions of living It isn't really me it's what I used to be I'm going through the motions of living You have to live so much to know so little so little in return of all the giving We laughed we loved I've cried we parted and I died Now I'm going through the motions of living We laughed we loved I've cried we parted and I died Now I'm going through the motions of living (living) living oh Lord
