

Gold And Silver

Sonny James

Gold and silver have I none
I can give you more
Gold and silver have I none
I can give you love

Don't have a gold mine or a mansion
Haven't even got you a finger ring
Deep in my heart there's a little secret now
I'm gonna share it with you

Gold and silver have I none
I can give you more
Gold and silver have I none
I can give you love

They can have the gold in Fort Knox Kentucky
As far as we're gonna stand by love
I knew a man once had lots of money cried every night for love
I'd rather have a sweet girl's love than to hold a rich man's gold
Don't have a penny in our pockets I know we're gonna live on love

Gold and silver have I none
I can give you more
Gold and silver have I none
I can give you love
