

# Happy Memories

Sonny James

Happy memories happy memories  
Happy days when you love me can put my mind at ease  
Happy memories sweet sweet memories heartaches can't erase my h  
appy memories

Since you're gone as time goes by I seem to miss you more  
And to me each day gets bluer than the day before  
The only way that I can put my achin' heart at ease is living w  
ith my happy memories  
Happy memories...

Funny little things we did keep running through my mind  
And instead of crying I'll keep smiling all the time  
I found an easy way to make this happy feeling last  
I'll spend my future living the past  
Happy memories...
