

Happy Memories

Sonny James

Happy memories happy memories
Happy days when you love me can put my mind at ease
Happy memories sweet sweet memories heartaches can't erase my h
appy memories

Since you're gone as time goes by I seem to miss you more
And to me each day gets bluer than the day before
The only way that I can put my achin' heart at ease is living w
ith my happy memories
Happy memories...

Funny little things we did keep running through my mind
And instead of crying I'll keep smiling all the time
I found an easy way to make this happy feeling last
I'll spend my future living the past
Happy memories...
