

# He's Everywhere

**Sonny James**

I see him in a baby's smile I hear him in the wind that sighs  
He loves me and I know not why he's everywhere  
He calls me from a world up there I seek him and I find him there  
He's in my heart I feel him there he's everywhere

Through storms of fear and doubt I sailed my eyes were blinded  
by a vale  
I saw no beauty anywhere in anything  
Then I drew near the cross where he in shame and sorrow died for me  
My vale was lifted and he taught my heart to sing  
I see him in a baby's smile...  
(Everywhere he's everywhere)
