

He's Everywhere

Sonny James

I see him in a baby's smile I hear him in the wind that sighs
He loves me and I know not why he's everywhere
He calls me from a world up there I seek him and I find him there
He's in my heart I feel him there he's everywhere

Through storms of fear and doubt I sailed my eyes were blinded
by a vale
I saw no beauty anywhere in anything
Then I drew near the cross where he in shame and sorrow died for me
My vale was lifted and he taught my heart to sing
I see him in a baby's smile...
(Everywhere he's everywhere)
