

I Get Fooled Don't I

Sonny James

Each time you promise you'll be true
I tell my heart to believe in you
This time I say I won't cry, can I get fooled? Don't I?

Each time you swear you'll walk the line
I tell myself that at last you're mine
This time I say she won't lie, can I get fooled? Don't I?

This time I know for sure I'm through
My heart no longer believes in you
This time I say it's goodbye but I get fooled, don't I?
Yes I get fooled, don't I?
