I Gotta Have My Baby Back

Sonny James

Baby, baby, I miss you so very much
It hurts me baby, I just gotta I gotta have my baby back
Can't eat, can't sleep because I miss my sweet, sweet baby
I gotta, I just gotta, I gotta have my baby, back

Alone in this big town people all around
Laughing and talking paintin' the town
Jukebox is playing songs about you
Songs of sweet memories making me blue

Oh, baby, come on home without you baby, I just can't get along
I just gotta, I just gotta, I gotta have my baby back

Oh, baby, come on home without you baby, I just can't get along
I just gotta, I just gotta, I gotta have my baby back
Just gotta have my baby back
