

# I'll Keep Holding On (just To Your Love)

**Sonny James**

(Your love holding to your sweet love your love holding to your sweet love)

I'll keep holding on just to your love when all else is gone I'll have your love

With your hand in mine till the end of time I'll keep holding on to you

(Your love holding to your sweet love your love holding to your sweet love)

I'll be by your side when you need me always by your side when you need me

Hold you in my arms you'll be safe from harm I'll keep holding on to you

(Your love holding to your sweet love your love holding to your sweet love)

[ choir ]

I'll keep holding on just to your love I'll keep going on just with your love

And each passing day from my heart I say I'll keep holding on to you

(I'll keep holding on to you)
