

I'll Never Be Anything But In Love With You

Sonny James

I'll never be anything but in love with you
The crown of a king won't mean a thing if I'm not loving you
I'll never be anything but in love with you
As long as I live I've nothing to give if I'm not loving you
I don't care how high I'd climb or if I'd reach the sun
Just as long as you love me I'm richer than anyone
I'll never be anything but in love with you
If I'd own the earth what what it'd be worth if I'm not loving
you
I'll never be anything...
I'll always be in love with you
