

Last Time

Sonny James

Somewhere outside the wind is wailing this time tomorrow I'll be sailing

Oh my love hold me as if it was our last time

Somewhere outside the bird is crying sounds like a million souls have dying

Oh my love hold me as if it was our last time

The trumpet sounds and I have things to do

But when it's done and if I can I'm coming back to you

Somewhere outside tomorrow's calling too many tears will soon be falling

Oh my love hold me as if it was our last time

Oh my love hold me as if it was our last time

The trumpet sounds

Hold me as if it was our last time
