

Least Of All

Sonny James

Who in all this world did I think would be untrue
Oh oh, least of all, least of all you
Who did I expect to laugh and tell me we were through
Oh oh, leat of all, least of all you

You who were so understanding you who said to me
We would always be together through eternity
Who now would I like to see hurt the way I do
Oh oh, leat of all, least of all you

You who were so understanding you who said to me
We would always be together through eternity
Who now would I like to see hurt the way I do
Oh oh, leat of all, least of all you
(Least of all you)
