

Let Me Live And Love With You

Sonny James

Spring comes and goes many winters may pass
My love grows and grows like a rock it will last
Time can't go back it's love I must give
The more of my heart you'll take the more I will live

So let me live and love with you everyday my whole life through
Let these arms take care of you, let me live and love with you

They say, love's a flower that blooms then it dies
But nothing can change this feeling inside
Some loves may die but ours never will
I'll love you with all my heart as long as I live

So let me live and love with you everyday my whole life through
Let these arms take care of you, let me live and love with you
