

Love Is A Happy Song

Sonny James

Love love love is a happy love is a happy song
Love love love love love is a happy song

Clap your hands snap your fingers
Find you a love don't you linger
Put that ring on her finger
Love is a happy song, love, love, love is a happy

Hold your best girl arms around her
You'll be so glad glad you found her
Lovin' just makes a world go round her
Love is happy song, love, love, love is a happy

Clap ypur hands
Love, love, love is a happy
Love, love, love is a happy
