

## Need You

Sonny James

I need you oh, how I need you  
The nights are lonely since we're apart  
I miss you oh, how I miss you come back  
My darlin' and mend my heart

I'm sorry dear I made you cry  
Please forgive and forget the days gone by  
I need you oh, how I need you  
Come back my darlin' into my heart

I'm sorry dear I made you cry  
Please forgive and forget the days gone by  
I need you oh, how I need you  
Come back my darlin' into my heart
