

Room In Your Heart

Sonny James

Is there room, room, room in your heart for me
Room, room, room for a fool like me
I still love, love, love you sweetheart, can't you see?
Just open your heart make room for me

Oh, I was wrong to walk out that day
Can you forgive the fool things I say
I'm sorry now that I hurt you, so please take me back
Oh I just got to know

Is there room, room, room in your heart for me
Room, room, room for a fool like me
I still love, love, love you sweetheart, can't you see?
Just open your heart make room for me

Is there room, room, room in your heart for me
Room, room, room for a fool like me
I still love, love, love you sweetheart, can't you see?
Just open your heart make room for me
