

Tying The Pieces Together

Sonny James

Tying the pieces together
All of your trinkets I'm saving
The picture that you gave to me
Each night I look at them gently
And pray that you'll come back to me

Tying the pieces together
Trying to make our love last
But little by little I'm losing
Living too much in the past

The walks that we took together
The places and things that we had seen
Oh each night I relive these mem'ries
Will you ever come back to me

Tying the pieces together
Trying to make our love last
But little by little I'm losing
Living too much in the past
