## **Tying The Pieces Together**

## **Sonny James**

Tying the pieces together All of your trinkets I'm saving The picture that you gave to me Each night I look at them gently And pray that you'll come back to me

Tying the pieces together Trying to make our love last But little by little I'm losing Living too much in the past

The walks that we took together The places and things that we had seen Oh each night I relive these mem'ries Will you ever come back to me

Tying the pieces together Trying to make our love last But little by little I'm losing Living too much in the past
