

## Yes Or No

Sonny James

Yes or no, what will it be is it him or is it me  
In my heart I've got to know will it be, yes or no

Yes or no, have I the chance please don't end our sweet romance  
Won't you please let our love grow, will it be, yes or no

Though I know that I'd been so foolish to think that no one else could see  
You've got a heart just made for love, please bring it back to me

Yes or no, please tell me true for you know I still love you  
Please tell me you won't go, will it be, yes or no

Please tell me you won't go will let be, yes or no  
Uh, huh, huh, please tell me you won't go will let be, yes or no  
Please tell me you won't go, will it be, yes or no
