

# Heartbeat

SONOIO

Once upon a time today  
Monday morning every day  
Wake up in another place  
Wake up with another face  
Everything is the same

Come to terms with what you say  
Walk away from everything  
Walk away from everything  
Lock away everything  
Memories stop the brain

Tell me  
Are you happy  
Living with no heartbeat?  
Heartbeat

It doesn't matter what they say  
Losing faith in everything  
Stay away from everything  
Walk away every day  
No one left to blame

Coming down, big mistake  
Slowing down, different takes  
Finding out that everything  
Must decay in the end  
Memories stop the brain

Tell me  
Are you happy  
Living with no heartbeat?  
Heartbeat

Tell me  
Happy  
Living  
Heartbeat

Tell me  
Are you happy  
Living with no heartbeat?  
Heartbeat
