

Heartbeat

SONOIO

Once upon a time today
Monday morning every day
Wake up in another place
Wake up with another face
Everything is the same

Come to terms with what you say
Walk away from everything
Walk away from everything
Lock away everything
Memories stop the brain

Tell me
Are you happy
Living with no heartbeat?
Heartbeat

It doesn't matter what they say
Losing faith in everything
Stay away from everything
Walk away every day
No one left to blame

Coming down, big mistake
Slowing down, different takes
Finding out that everything
Must decay in the end
Memories stop the brain

Tell me
Are you happy
Living with no heartbeat?
Heartbeat

Tell me
Happy
Living
Heartbeat

Tell me
Are you happy
Living with no heartbeat?
Heartbeat
