

Just Me

SONO IO

I would like to take you for a ride
I would like for once to see you smile
Maybe I'm the one afraid to leave
Or maybe you're the one afraid to speak

See yourself
With someone else
There's no one left
Just me

I would like to take you for a ride
I would like for once to see you smile
Maybe I'm the one afraid to speak
Maybe you're the one afraid to leave me

See yourself
With someone else
There's no one left
Just me

Sono io che mi sveglio ogni giorno
In mezzo al niente, e ho paura di tutto
Sono io che rimango a guardare
Senza parole, solo rumore
Sono io che mi guardo allo specchio
Vedo me stesso e rispondo sconnesso
Sono io che ti fa, solo un pensiero mi può far arrivare a te
