

## Bring On The Angel

Sons Of The Desert

You could say I never liked the square life  
You could blame it on my circle of friends  
It's just been me, Jack D., Jimmy B. and Johnny Walker Red  
Thought of raising my standard of living  
'Cause you know it's never mattered to me  
If I was sleeping it off in a Ford or GMC

All along I knew there was something missing  
Or maybe that something is someone  
To fill this hole in my heart

Bring on the angel, bring on true love  
I've been fooled by the devil  
But Lord I'm listening now

It's not that I didn't have love in my life  
I had a different love every night  
And it's not that it didn't feel good  
I just didn't feel right

And all along there was something I've been wishing  
That I'd find my certain someone  
To fill this hole in my heart

Bring on the angel, bring on true love  
I've been fooled by the devil  
But Lord I'm listening now

I know I haven't stayed in touch  
But if it's not asking for too much  
Bring on my angel

Bring on the angel, bring on true love  
I've been fooled by the devil  
But Lord I'm listening now

Bring on the angel, bring on true love  
I've been fooled by the devil  
But Lord I'm listening now
