

# What I Did Right

## Sons Of The Desert

I have my heroes , but no one knows their names  
They've never asked for recognition, They've never wanted fame  
My granddad fought the second World War  
When he was just eighteen  
He spent four months as a prisoner  
To give me the American dream  
In my eyes he's everything, all I hope to be.  
And I won't forget that day , he said he was proud of me

So I take that one day and figure out what I did right  
I'll do it the same way for the rest of my life  
Yeah I'll take that one day and figure out what I did right  
I'll do it the same way for the rest of my life, what I did right

I have my good friends, they have a place inside my heart  
But my best friend, well she holds the  
biggest part.  
Well, she finds the good in me  
And she knows just what it takes  
And she loves the man in me  
Through all of my mistakes.  
In my eyes she's everything, everything to me.  
And I won't forget that day she said you're all I need.  
You're all I need.

So I take that one day and figure out what I did right  
I'll do it the same way for the rest of my life  
Yeah I'll take that one day and figure out what I did right  
I'll do it the same way for the rest of my life, what I did right

And as I hold my newborn baby  
To give her some comfort while she cries  
In this moment I feel helpless  
Till she looks into my eyes,  
Her tears subside.

I'll take this one day  
And figure out what I did right,  
I'll do it the same way  
For the rest of my life.

Yeah I'll take this one day  
and figure out what I did right.  
I'll do it the same way  
For the rest of my life.

Yeah I'll take this one day  
And figure out what I did right.  
I'll do it the same way  
For the rest of my life

I'll take this one day  
And figure out what I did right  
I'll do it the same way  
For the rest of my life
