

# Paradise Lost

Sophie Barker

You crack me up  
Make me laugh  
Make me cry  
Enjoy each moment  
Of this precious time

The world keeps saying  
Be patient with love  
No stress to break us  
Where would we be now?

And I don't want to fall  
With you in my arms  
If paradise is lost  
Where to now?

Nobody's listening  
Nobody knows  
How much we're missing  
Down below

And I don't want to fall  
With you in my arms  
My love for you right now  
Is all that you need

I want to wake with you  
Not just in my mind  
I want to talk to you  
In the sunshine

You don't want to fall  
With me in your arms  
Your love for me right now  
Is all you can give

And I don't wanna die  
With regrets in my life  
Best to let it go  
When we're feeling high
