

# If I Can't Dance

Sophie Ellis-Bextor

If I can't dance  
Then I don't need any part of your revolution

A new dawn waits for us tonight  
If you play the cards, you're holding right  
I swear I'll keep in party line  
Cross my heart and hope to die  
If I lose myself to rhythm  
Doesn't mean I lose control

If I can't dance  
If I can't dance  
Oh, baby, if I can't dance  
If I can't dance  
If I can't dance  
Then I don't need any part of your revolution

Can you see the action in my head ?  
The town we're painting turning red ?  
We need a new wave I can ride  
If we are ever gonna turn this side  
Politicize my own endeavors  
I've no use for your protocol

If I can't dance  
If I can't dance  
Oh, baby, if I can't dance  
If I can't dance  
If I can't dance

Oh darling don't be so unkind  
The beat must never be denied

If I can't dance  
If I can't dance  
Oh, baby, if I can't dance  
If I can't dance  
If I can't dance

If I can't dance  
If I can't dance  
Oh, baby, if I can't dance  
If I can't dance  
If I can't dance
