

# Revolution

Sophie Ellis-Bextor

Get on the revolution  
Get on the revolution  
Get on the revolution  
Get on the revolution  
Get on the revolution  
Get on the revolution

Bang bang! It's a hold up  
You about to give it up  
In the boot they're slippin' up  
We've been patient long enough ('nough)  
It's a hold up  
Rebels gonna play it tough  
Wreck the deck and needle off  
Shut it down and turn it off

Face to face  
It's murder on the dance floor  
Cut to the chase  
Just give us what we came for

Get on the revolution  
Get on the revolution  
Get on the revolution  
(Wreck this club tonight)  
Get on the revolution  
Get on the revolution  
Get on the revolution  
(Wreck this club tonight)

Own me, own me, own me, own me, own me, own me  
(Wreck this club tonight)  
Own me, own me, own me, own me, own me, own me  
(Wreck this club tonight)

Bang bang! In the club crowd  
Better off or down and bow  
Chaos holding - what a wow!  
Tearing up the sound now  
Ow! Shout it out loud  
Now we're warming up the ground  
Rip the deck and needle up  
Shut it down and turn it off

Face to face  
It's murder on the dancefloor  
Cut to the chase  
Just give us what we came for

Get on the revolution  
Get on the revolution  
Get on the revolution  
(Wreck this club tonight)  
Get on the revolution  
Get on the revolution  
Get on the revolution  
(Wreck this club tonight)

Own me, own me, own me, own me, own me, own me  
(Wreck this club tonight)  
Own me, own me, own me, own me, own me, own me  
(Wreck this club tonight)

Bang bang it's a hold up  
Bang bang it's a hold up

Get on the revolution  
Get on the revolution  
Get on the revolution  
(Wreck this club tonight)  
Get on the revolution  
Get on the revolution  
Get on the revolution  
(Wreck this club tonight)

Own me, own me, own me, own me, own me, own me  
(Wreck this club tonight)  
Own me, own me, own me, own me, own me, own me  
(Wreck this club tonight)
