

# Sophia Loren

Sophie Ellis-Bextor

Sophia, Sophia, Sophia, Sophia,  
Sophia, Sophia, Sophia

Count me down it's getting near  
Cos tomorrow he'll be here  
Amplify it  
Don't know what i'm going to wear  
Don't know how to do my hair  
But oh he'll like it

(Sophia, Sophia)  
Riding on the back of his Vespa  
(Sophia, Sophia)  
Knowing it don't get any better  
I just hear his voice and I get weaker  
Everytime we touch its Dolce Vita

Because he's coming and it don't matter when (Sophia)  
Because he's coming and it don't matter when  
He's got me feeling like Sophia Loren (Sophia)  
When he calls my name in Italiano

Sophia, Sophia, Sophia, Sophia  
Sophia, Sophia  
Calls my name in Italiano

In a villa on the coast  
In the summer getting close  
Just me and you  
Meeting up in the cafe  
Where we dream the day away  
And the nights too

(Sophia, Sophia)  
Riding on the back of his Vespa  
(Sophia, Sophia)  
Knowing it don't get any better  
One look in his eyes i'm falling deeper  
Spinning in a world of Dolce Vita

Because he's coming and it don't matter when (Sophia)  
Because he's coming and it don't matter when  
He's got me feeling like Sophia Loren (Sophia)  
When he calls my name in Italiano
