

# Rise And Fall

Sophie Hunger

Burning countryside  
Mountains being climbed  
We shift and turn and swear and yearn  
And try try and try

A general collision  
With all that stands as such  
We reinvent and tear apart  
And stitch and stitch and stitch

Marching band's parading  
Perfume floods the streets  
Everyone's standing  
The crowd inside of me

But all of this yeah, all of this  
To you does not  
But all of this yeah, all of this  
To you does not...exist

And empires rise and empires fall  
And empires rise and empires fall  
And we engage and we dissolve

Ds Vreneli abem Guggisberg  
Und ds Hans Jacobeli änät em Bärg  
Ds Vreneli abem Guggisberg  
Und ds Hans Jacobeli änät em Bärg

S'isch äbä ä Mönsch uf Ärde  
S'isch äbä ä Mönsch uf Ärde  
Won i möcht binim sie

And empires rise and empires fall  
And empires rise and empires fall  
And we engage and we dissolve  
For nothing but the change

But all of this yeah, all of this  
To you does not  
But all of this yeah, all of this  
To you does not  
But all of this yeah, all of this  
To you does not...exist
