

# Black Day

Sophie Zelmani

Was it easy, was it hard?  
We will always wonder about that part  
Were you crazy, were you brave  
That's what we all wonder about today

We will live through this black day  
And we will pray by us young grave  
We will live through this black day  
We will stand by your black grave

Were you obsessed or just low  
Now we talk about how come it never showed  
What did you seek but couldn't find  
When did we all, slip your mind

We will live through this black day  
And we will pray by us young grave  
We will live through this black day  
We will stand by your black grave

Was it easy, was it hard  
We always wonder about that part  
Were you crazy, were you brave
