

Foolish

Sophie Zelmani

So, so say I'm foolish
Say, it's all in my mind

Don't give me right on this feeling
I did what I always do
Bad things go 'way by believing

So, I was too foolish
So, I let myself down
Still, this is my ground

So, I was right on this feeling
but I'll do what I've always done
Bad things are eased by believing
It was just my time
It was just my time
It was just my time to come
