Foolish

Sophie Zelmani

So, so say I'm foolish Say, it's all in my mind

Don't give me right on this feeling I did what I always do Bad things go'way by believing

So, I was too foolish So, I let myself down Still, this is my ground

So, I was right on this feeling but I'll do what I've always done Bad things are eased by believing It was just my time
It was just my time
It was just my time to come
