

## Keep It To Yourself

Sophie Zelmani

Keep it to yourself  
You keep it to yourself  
It's your treasure  
But you're not thinking of my health

Like this morning  
Were you dreaming? Was it a night in hell?  
It's your burden  
But I'm not feeling well

You are gone with your feelings  
Are you taking care?  
If you're good at what you're doing  
It's good that I'm here

You just disappear  
You just disappear  
It's your talent  
But I only get scared

You are gone with your feelings  
Are you taking care?  
If you're good at what you're doing  
It's good that I'm here
