

# Memory Loves You

Sophie Zelmani

So tender are my thoughts of you Still warm after the glow The  
stones are too soft to throw

Memory loves you

The sadness has got new tears Now they're falling gently on the  
ground So invisible and clear

Memory loves you Memory loves you

The escape has lost its ways (You have lost you) It ended deep  
in my own cave (Nothing left to do) So what belongs will stay ( Memories of you)

Memory loves you Memory loves you Memory loves you Memory loves  
you
