

# Not With You

Sophie Zelmani

Kissed by the rain not by you Warmed by the spring not by you  
Held in a ring dance not by you Touched by a ghost not by you

Hours on the shore not with you Filled by the wind not by you  
Long for the evening not for you All those feelings not for you

I'm here, I'm here, I'm flying I might only miss one thing I have  
Stopped to talk about it But it could be dream

Taking a picture not of you Remembering times not with you  
Love has nothing more to do I'm here not with you
