

Oh Dear

Sophie Zelmani

Don't you ever go out
When was the last time you were out?
Have you ever been out, oh dear?

Is something wrong with the air
Since you can't breathe in here?
How long have you held your breath, oh dear?

What is closing you in
Must be a giant dream
It's not your life we have seen, oh dear

Don't let your choices be
Hopes you still can't feel
All was given for free, my dear
