

# So Long

Sophie Zelmani

I've had my eyes  
I've had my ears  
To steal from you  
For so long

For a sake to fill  
A hole that kills  
You've made me thrill  
I've been wandering

So long  
So long, so long  
Now I burn  
And when i yearn

Every while without you  
Is too long  
Now I'm free  
You made me see

It had to be so long  
Because I'm gonna love you  
So long  
So long, so long
