

# Until Dawn

Sophie Zelmani

I wonder, I wonder about the fire  
One fire I seem to be stuck with  
It's glowing and burning, and sparkling of flames  
I wonder who set it free

And I don't know just what to do  
It's like I could get crazy about you  
My fire burns until dawn  
My fire burns until dawn

I wonder about the sun over the brook  
I wonder about th genius and the fool  
I wonder about reasons and what it would take  
To use their power for their own sake

And I don't know just what to do  
It's like I could get crazy about you  
My fire burns until dawn  
My fire burns until dawn

And I don't know just what to do  
It's like I could get crazy about you  
My fire burns until dawn  
My fire burns until dawn
