

Until Dawn

Sophie Zelmani

I wonder, I wonder about the fire
One fire I seem to be stuck with
It's glowing and burning, and sparkling of flames
I wonder who set it free

And I don't know just what to do
It's like I could get crazy about you
My fire burns until dawn
My fire burns until dawn

I wonder about the sun over the brook
I wonder about th genius and the fool
I wonder about reasons and what it would take
To use their power for their own sake

And I don't know just what to do
It's like I could get crazy about you
My fire burns until dawn
My fire burns until dawn

And I don't know just what to do
It's like I could get crazy about you
My fire burns until dawn
My fire burns until dawn
