

# You And Him

Sophie Zelmani

You were in the city one night all alone  
Waiting for a taxi that could take you home  
You saw a man walking down the street, towards you  
And you could see he had no teeth in his upper jaw  
He had dirt in his hair, he had dirt everywhere  
His clothes didn't fit, and one eye was hit  
He asked you if you had a minute to talk  
You said you didn't talk to strangers  
and you started to walk

His eyes looked sad  
and he asked you why you acted like this,  
was it because he looked so bad  
I know I scare you, but I just wanted to say  
that you're the most beautifiul I've seen today

You said, thank you very much  
but please now leave me alone  
He said where are you going  
You said I'm going home  
Oh please would you invite me  
to your house sometime  
you have just seen mine,  
it's here on the ground

He took a bottle from his jacket and he said cheers  
And you felt it was gone that feeling of fear  
You said what happened to you,  
how could end up like this  
You must have had your choices,  
so tell me what this is

He said, you don't know a thing about me  
All you know is only what you see  
Even if I've lost the most of my brain  
I still can see the sun  
and I can feel when it rains

I tried to be friendly, I tried to me nice  
But you turned me your back  
and you were chilly as ice  
I didn't ask you for money  
I asked you for words  
It's not my life that bothers,  
it's the way you act that hurts

You said you were sorry  
but how could you know  
that someone like him  
suddenly could do  
But then you talked until the taxi arrived  
You said you had to go  
you said goodnight

There's only one thing  
I wanna tell you before you go  
I know you wanna get home

I know you do  
I just wanted to tell you,  
I just wanted to say  
That I'll remember with a smile this day
