

Like An Angel

Sophie

Don't you call me babe
I got something for you
I sing that simple song and all
And all you got it's true

I dream of you
You dream of me
Exactly what you see
When everyone is lovin' babe
I'll sing this song for you

If you treat me like an angel oh oh oh
I treat you like my babe
If you treat me like an angel oh oh oh
Forever be your lady
And all you got is me

Don't forget me babe
I'll keep you satisfied
I sing that simple tune tonight
And all you've got is mine
