

Love Devotion & Surrender

Sophie

Slave for love
In a golden room
Make me sweet
I'm your candy moon
Just illusion
Big confusion in my heart

Make me high
Looking for a lovely night
I will be baby and lady
So crazy for you

Love devotion and surrender
Touch me now and kiss me tender
Tonight
Love devotion and surrender
You're my prince and my pretender
Babe make me right

Lost in mind
Like a lonely star
Lost and kind
With your love so far
My desire
All my fire deep inside
