

# Love Is Always On My Mind

Sophie

You are my passion, my life  
And all my time,  
You are the sunshine the love and  
Passion  
You are the sweetest delight  
You make me right  
Give me your love affection

Take my love and my sighs  
The dark of the night  
And make me so high forever  
Look at the rhythm of love  
The groove of my soul  
Dancing with me...

Love is always on my mind  
Looking for your passion forever  
Love is always on my mind  
Waiting for a kiss from your lips babe  
Now

Love is always on my mind  
Don't forget my love now and never  
Love is always on my mind  
Waiting for the power of love

Take my heart and soul  
Without control  
You are the colour of my emotions  
Take me up take me down  
And spin me around  
Energy soul devotion
